

Florida Large Multifamily — Cap Rate & Deep Value

Ten 40+ Unit Opportunities, Statewide | Curated June 2026

Presented by Savings RE / United Realty Group

The Thesis

Move up the unit-count curve and the math changes. Across Florida, 40+ unit multifamily still offers what compressed South Florida can't — 7%+ in-place cap rates, sub-\$100K/unit bases, auction repositioning plays, and institutional scale. The ten below were pulled from a statewide screen and selected on one of two lenses: **published cap rate** or **deep value** (low basis, value-add, or auction). Addresses, names, and exact pricing are shared with qualified buyers.

The Short List

~7.9% est. cap	Orlando 40-unit value-add Price band: \$5M – \$6M Highest published cap on the statewide list — in-place income with a development/expansion component.
~7.7% est. cap	FL Panhandle (DeFuniak Springs) 55-unit community Price band: \$5M – \$6M ~\$100K/unit basis with a 7%+ in-place yield — strong day-one cash flow at entry.
~7.6% est. cap	Tallahassee 200-unit institutional Price band: \$28M – \$32M Stabilized 200-unit community; institutional scale at a 7.5%+ yield in a landlord-friendly capital market.
~7.1% est. cap	Tallahassee 72-unit Price band: \$6M – \$7M Roughly \$89K/unit — one of the lowest bases on the list paired with a published 7%+ cap.
~7.1% est. cap	Tallahassee 123-unit, condo-quality Price band: \$15M – \$16M Bulk 123-unit basis sits well below individual condo resale value — built-in spread.
AUCTION format	Pensacola 132-unit repositioning Price band: Opening bid mid-6 figures Repositioning play near NAS Pensacola; opening bid a fraction of replacement cost — classic deep value.
AUCTION format	Pensacola 96-unit value-add Price band: Opening bid mid-6 figures Value-add lease-up off US-90; auction format rewards a decisive, well-capitalized buyer.
\$63K/u basis	South Miami-Dade (Homestead) 52-unit Price band: \$3M – \$3.5M Lowest basis on the list — ~\$63K/unit in a supply-constrained South Miami-Dade submarket.
